Two Hundred Marshals

Pueblo, July 3.—The situation here to- is about the same as last night, though trains have been turned. The Denver & Rio Grande expects to get out of here and to-morrow trains tied up at this point while the Santa Fe has succeeded in getting its passenger trains and six freight trains running on this division to-day. Two crews, one Denver, one Trinidad and two La Junta. There are now 300 deputies here to protect Santa Fe property. The officials say that the backbone of the strike on this division is broken, some of the men are of that opinion also, but are not permitted to express them by the strikers.

The Missouri Pacific and Rock Island trains went out all right to-night. The Denver and Gulf train from the north passed through without any trouble, all had Pullman equipment. The Denver and Rio Grande is the only road that is crippled seriously.

Situation at Raton, N. M.

Denver, July 3.—A special from Raton, N. M., to the United Press says: "At 8 45 to-night the troops from Fort Marcy were still stranded on the prairie between Las Vegas and Maxwell with an empty boiler and tank. They are in marching distance however. The troops from Trinidad have not yet arrived. No trains moved to or out to-day and all is quiet."

Two companies of infantry under Captain Van Horne arrived in Denver from Fort Russell, Wyo., this evening and started for Pueblo over the Gulf line at 8 15 where they will protect railway property of the Santa Fe and Gulf lines.

Santa Fe Quiet.

Topeka, Kan., July 3.—The strike situation is little changed on the Santa Fe system to-day. Freight trains are being moved more freely if anything than yesterday, and most of the passenger trains are being moved. General Manager Frey says that when preparations for protecting those who desire to work are completed that no difficulty will be experienced in employing all the men needed to fill strikers places. Trouble is being had with the engineers on the New Mexico division as they are afraid to handle trains.

At Kansas City.

Kansas City, Mo., July 3.—The strike situation so far as it affects passenger trains in Kansas City is summarized as follows.

Rock Island—No trains running east of the Missouri river. Colorado and Texas trains running as usual.

Santa Fe—Through trains from the west annulled. A train run from Dodge City to Chicago by way of Kansas City daily, bringing a Pullman from the Galveston line. Local trains running as usual.

Wabash—Passenger service delayed. The Chicago and Toledo train due here to-day was abandoned. The St. Louis train came three hours late, after much trouble in passing Moberly.

Union Pacific—All trains running between Kansas City and Denver all right.

Burlington—All trains running on time and no delay or trouble.

Memphis route—All trains running as usual.

Alton—The company recovered somewhat in the strike in Kansas City last night and got its trains out and in. Also this morning.

Missouri Pacific—All trains running and only trifling delays.

Milwaukee and St. Paul—Local passenger service unimpaired.

Chicago Great Western—Trains uncertain. The company will promise nothing definite.

The Wabash railroad at 4 o'clock this afternoon annulled all passenger trains and notified the superintendents of the Pullman and Wagner companies that they would have no use for cars until further notice.

Trains Moving at St. Louis.

St. Louis, July 3.—The break here in the ranks of the strikers to-day has given railroad managers encouragement but this is offset by strike news from the interior. The Wabash after much exertion got a train away this morning but its progress is uncertain. The other roads sent out trains as usual most of them on time.

A General Strike Ordered.

Memphis, July 4.—At 11 o'clock last night a general meeting of the American Railway Union held behind closed doors adjourned and then it was learned that a general strike in the city was ordered. At midnight it went into effect. The terms are more severe as to some roads than others. This effects eight or nine roads.

Notes of the Strike.

The tie-up at La Crosse is complete.

The Missouri Pacific shops are closed at Sedalia.

Illinois Central local trains at Chicago are at a standstill.

The Chicago Minneapolis and Omaha is completely tied up.

Iron Mountain and Cotton Belt men are out at Little Rock.

All Rock Island trains east of St. Joe, Mo., are abandoned.

The Grand Trunk has cancelled all trains at Port Huron, Mich.

The Cincinnati Southern is running its trains under armed guard.

The Missouri Pacific shops at Ft. Scott, Kan., have been closed.

A riot is feared at Danville Ills. where there are 2000 striking miners and railroad men.

Dressed meats in New York have advanced 1-2 to 4 cents a pound, owing to the strike.

The Fourth regiment Missouri National Guard, at St. Joe is held in readiness for action.

At Indianapolis 25 Panhandle switchmen were discharged for refusing to handle Pullmans.

Chief Arthur of the Brotherhood of Engineers thinks the A. R. U. "too stupendous in its undertakings."

Chief of Police Brennan of Chicago says the police will protect all men who desire to work within the city limits.

A Galesburg, Ills., dispatch says the Brotherhood of Railway Trainmen, 2000 strong, will fight the A. R. U. and will expel any member who doesn't remain neutral.

A proposition of the Mobile and Ohio at St. Louis to settle the strike on its lines by discontinuing the use of Pullmans was refused by the A. R. U., as it was feared the action of the men in returning to work might be misconstrued by other strikers.

AGAINST FUSION.

Kansas Democracy Grows Tired of Populism and Goes It Alone.

Topeka, July 3.—The Democratic State convention met in the city this afternoon at 2 o'clock and W. C. Perry, United States district attorney, was elected temporary and afterwards permanent chairman. There were few men who were willing to accept nominations on the State ticket, the principle contention among the delegates being as to whether any or all of the People's party candidates should be given the Democratic endorsement. The sentiment among the delegates was largely against fusion and as this was apparent from the outset the fusionists made no fight in the convention. David Overmyer of Topeka was nominated for Governor by acclamation.

TROUBLE AT CAIRO.

Governor Altgeld Called Upon for State Troops.

THE SITUATION IS CRITICAL.

At Chicago and Other Points—Although a General Truce Prevails to Allow the Fourth to Pass Without Trouble.

Springfield Ills., July 3.—Trouble has at the Pekin cut at Cairo and has got beyond the control of the United States marshals. This evening United States Marshal Hinton called on Governor Altgeld and asked that troops be sent immediately to his assistance at Cairo. The Governor immediately ordered out the Fourth regiment with headquarters at Greenup with instructions to proceed at once to Cairo and preserve the peace and suppress riotin. The strikers there have complete control and the excitement is intense. To night the marshal is swearing in deputies to proceed to Bloomington and Clinton and if possible clear the blockade. It is no longer a matter of small importance but on the contrary, the situation throughout the southern country is of the most serious nature. An attempt will be made to night to start a special train from here for Danville to bring in the prisoners captured there to-day and the marshal says he will run this train through if it takes every man in Sangamon county to do it. His deputies who leave to-night for Bloomington and Clinton will be given strict orders and that trouble is likely to occur as the strikers are in full possession and very turbulent. It is also rumored that the Sixth regiment has been ordered under arms and to be ready to move at a moment's notice.

IN HARMONY

The General Managers Deny that Any Road has Withdrawn.

Chicago, July 3.—The general managers' association has issued the following:

Eugene V. Debs issues an announcement to the press this afternoon to the effect that the "Big Four" has withdrawn from the association. This statement is incorrect. The Big Four has never been a member of the general managers' association for the reason that it has no tracks nor anything of that kind in Chicago or in Cook county. The Big Four road is a Vanderbilt line and is in thorough accord with the association. There is no chance of anybody withdrawing from the association. Absolute harmony prevails and the general managers are shoulder to shoulder together.

THE TROOPS CALLED

While All is Quiet—Trouble Momentarily Expected.

Chicago, July 3.—The action of the government in finally determining to authorize the employment of United States troops for the purpose of enforcing the enjoining order issued yesterday by Judges Woods and Grosscup, and a well defined indication that realizing that a continuance of present conditions is an impossibility, both sides are not only willing but anxious to arrive at a pacific understanding were the principal features of the strike situation to-day. Otherwise there was no material change from the conditions that prevailed twenty four hours ago. The predictions made last night by both the representatives of the General Managers and of the American Railway Union that the eve of the country's national day would witness the beginning of the end, were not destined to be fulfilled. There were no signs of weakening on the part of striking element. On the contrary its ranks had been increased, although only to a trifling extent, by the walk-out of the station employees identified with the six roads having their terminals at the Dearborn depot, and by the tying up of the local end of the Nickel Plate. The General Managers, on the other hand, maintained the same attitude of firm determination that has characterized every move of the association from the beginning of the trouble, while they found encouragement in the fact that the passenger traffic on several of the principal roads involved, was in a better shape than for several days past and in the further fact that the strikers have been unable to bring about a general and complete tie-up.

Suburban Running.

The through passenger and suburban services of the Santa Fe, Northwestern, Burlington, Wisconsin Central and Milwaukee and St. Paul were maintained during the day and evening with a fair degree of regularity and the officials were sanguine that these conditions at least could be continued until the strike had expended itself.

The strikers at Blue Island refrained from violence during the day. This was due, not so much to the presence of the deputy sheriffs and marshals as to the feeling of dread created by the report that they would soon be confronted by the regular army troops. Many of the men were moody and sullen but not a few, and some of these were among the most demonstrative of yesterday, counselled caution, or stood completely around and raised their voices for peace. Pending advices from Washington concerning the ordering of troops to the scene Marshal Arnold postponed his intended effort to raise the blockade. Any effort in this direction today would undoubtedly have been attended with bloodshed and with the deputies outnumbered five to one they would have fared badly at the hands of the mob.

At Union Grove.

The gravity of the situation so far as it relates to the great mass of the public neither directly nor indirectly concerned in the causes that have led up to it, was increased to day by the action of the meeting of the Northwestern road in temporarily striking from its pay rolls nearly ten thousand employees who have been in a state of forced idleness since the strike was extended to that system. This step, so it is explained, was not a question of retribution but simply of necessity, financial considerations making it impossible for the corporation to continue a pay roll of tens of thousands of dollars daily while its receipts are little more than nominal. There is local consternation also over the fact that the supply of ice will be entirely doubtful to morrow night and that by the end of the week the city will be face to face with famine in nearly every line of food supply. The big ice companies have been making almost superhuman efforts to-day to avoid suspending operations but they gave up to night and thousands of sick and suffering in hospitals, public institutions and private homes will be added to the already gigantic roster of innocent victims of the strike. Water street, the greatest perishable produce mart looked like a deserted village to-day. The limited supply on hand jumped up in price a hundred and more per cent, while just outside of the city there are miles of loaded cars with their contents rotting in the sun.

A Famine in View.

So far the big institutions have not been affected, most of them having laid in a week's supply of meats and vegetables on Saturday. But if the strike continues for many days the inmates of the hospitals, asylums, poor houses and prisons alike will be put on short rations, and the daily bills of fare of every family will be brought down to a famine basis. Fuel famine is also imminent. The supply of soft coal is nearly exhausted and a score of big industrial establishments will be under the necessity of shutting down on Saturday if not before.

It is the combination of afflictions that has given rise to the sentiment which is fast gaining ground to night that the strike has gone far enough and that steps should be taken without delay to bring the union and the managers together. The headquarters of the directors were visited to-day by scores of people, ranging from millionaires to representative wage-workers and who earnestly insisted that the union itself, in view of the tremendous amount of suffering and public inconvenience that had been brought about by its action should take the initiative in securing a conference with the General Managers and endeavor to bring about an agreement that both sides might honorably accept. It was due mainly to these reports that the good offices of P. H. Studebaker were invoked by the union people, and late to-night it is given out by President Debs that the end of the week may see the strike a thing of the past.

THE "L" MEN CALLED OUT.

An Effort to Tie Up the Rapid Transit Lines.

Chicago, July 3.—It is more than likely that the men on the Lake Street Elevated road will be called out at 6 o'clock to-morrow night. At a meeting held to-night at West Lake and West Fortieth streets the employees decided to leave the question of a walkout entirely with President Debs of the A. R. U. of which organization 95 per cent. of the men are members. The strike will not be entirely a sympathetic one, for the men have many grievances of their own, such as systematic reduction of wages, poor pay and long hours.

It is not known that any strong organization exists on the South side Alley "L" but a walkout of the men on Lake Street would doubtless be followed by those of the South Side line.

COMPLETELY TIED UP.

More Men Walk Out at Terre Haute—No Trains Moving at all.

Terre Haute, Ind., July 3.—The tie-up of trains at Terre Haute was made complete at 6 o'clock this evening when the Vandalia employees joined in the strike. The employees of every road entering the city are out. But two Big Four trains passed through to-day and they only got as far west as Mattoon. On the Chicago and Eastern Illinois but one train left the city. Evansville and Terre Haute officials are doing the switching for the road and local passenger trains are running. Not a pound of freight has been moved by the Chicago and Eastern Illinois and Evansville and Terre Haute since Thursday.

SEVERAL INJURED.

The Horses Became Frightened and Overturned the Stage.

Cripple Creek, July 3.—The first accident of consequence in the history of the Kuykendall Stage company occurred this afternoon at 2 o'clock, when the Midland stages were descending Mineral hill which overlooks this city. At the hour mentioned the first stage commenced the descent of the hill having on board 17 passengers, nine being inside and eight on top. Driver Jack Burton pulled the reins over one of the best sixes in the Kuykendall stables. He had not traversed half of the descent, however, when the team was proceeding downward in a mad stampede, the coach trailing behind them, with nine people, seven of them women, riding heels heavenward inside, while the hillside was strewn with recumbent human forms and tumbling items of baggage. It seems that the brake refused to operate and that the coach once in motion crowded the horses until becoming frightened they ran away. After the overturning of the coach the tongue was broken, three of the horses fell down and the six came to a halt in a general tangle and mix up. The injured are George Devereux, Midland toll station hurt in the back and shoulders; Mary Stiger, bruised about the head; A. G. Hall, Colorado City, one rib broken and injured internally; Mrs. John Nolan and sister, Miss Gould, sundry sprains and contusions; J. R. Craig, Colorado Springs, ankle sprained and cut about the head and face and shoulder dislocated. The injured are under the care of local physicians and while their injuries are pronounced painful, none of them are necessarily serious.

UNION PACIFIC LANDS.

Secretary of Interior on the War Path After that Road.

Washington, July 3.—Some time ago the Secretary of the Interior made a demand upon the Union Pacific Railroad company to reconvert to the United States the title to certain lands within the limits of its grant in the State of Colorado erroneously patented on account of the grant. The demand was made under the provisions of the act of March 3, 1887, in accordance with directions from the Interior Department. Since the company has refused to make a reconveyance of the lands as demanded under the statute, Secretary Hoke Smith has written a letter to the Attorney General recommending the institution of proceedings in the proper courts against the company as contemplated by the act in question, if in his opinion it can be successfully maintained.

PEACE ASSURED.

The Trouble at Nicaragua Has Been Satisfactorily Adjusted.

Washington, July 3.—The Nicaraguan minister, Dr. Guzman, has received telegraphic information from his government that all differences between the late Inter-Oceanic Canal company and Nicaragua have been settled to the mutual satisfaction of all concerned and that the noted address to the canal company representative announcing the forfeiture of the canal franchise has been withdrawn by Dr. Gamar, minister of the interior. The United States minister has been notified that the incident may be considered closed.

TRUE TO PRINCIPLE.

Senator Hill Deserts His Party and Votes Nay.

FINAL VOTE ON THE TARIFF BILL.

It Passes at 10 to 34 at 10 O'clock Last Night—How They Voted—Hill Defied the Administration—Cuckoos to the Last.

Washington, July 3.—The second day's session the amendments of the committee of the whole to the tariff bill occupied the whole of to day's session of the Senate. First came a motion made by Mr. Mills (Dem.) of Texas on Monday evening, to place burlaps and grain bags made therefrom on the free list. It was carried by a vote of 35 to 15. Next came the famous "Collars and Cuffs" amendment fixing the duty on those articles at 30 cents per dozen and 35 per cent. ad valorem equivalent according to a statement made by Mr. Chandler (Rep.) of New Hampshire to an ad valorem rate of from 80 to 125 per cent. That amendment was agreed to after a couple of satirical speeches directed against the junior Senator from New York, Mr. Murphy, by a vote of 47 to 5. Then the great wool schedule came up for action, and was defeated—yeas 32, nays 37. And so wool remains on the free list.

The committee amendment placing bituminous coal on the dutiable list at 10 cents a ton and coal slack at 15 cents was agreed to by a vote of 37 to 6. The committee amendment originally offered by Mr. Hill (Dem.) of New York, excepting the salaries of the President of the United States and of the judges of the United States from the income tax, was rejected after a brief struggle, by a vote of, yeas 34, nays 36—ten Democrats having voted for it and six Republicans and three Populists against it. The date for the bill to go into effect was fixed as the 1st of August, 1894, subject to further postponement if necessary. Barbed wire was a subject of some dispute and was rejected; and one offered by Mr. Allen (Pop.) of Nebraska to place "wire for fencing" on the free list was also rejected—yeas 32, nays 38. And so wire remains on the dutiable list at rates according to gauge. Mica was taken off the free list and put on the dutiable list at 20 per cent. ad valorem.

Senators evinced great impatience at the unnecessary delay occasioned by the offering of amendments which have no show of being adopted, but which occupy time in taking the yeas and nays. There is much excitement as to the result of the final vote.

At 10 p. m. the bill was read the third time. And then Mr. Smith (Dem.) of New Jersey arose and addressed the Senate.

Mr. Allen (Pop.) of Nebraska announced that he would vote for the passage of the bill, not because he approved of the sugar schedule, (which was its vicious feature) but because he thought it due to the country that it should be passed. Mr. Hill (Dem.) of New York declared his continued antagonism to the bill. He declared it was a rag-bag production, a crazy quilt combination a splendid nothing. The close of his speech was applauded.

Remarks against the bill were also made by Senators Aldrich (Rep.) of Rhode Island, and Chandler (Rep.) of New Hampshire.

The calling of the roll on the final passage of the bill began at 10 25 and the vote resulted: Yeas 39, nays 34, Mr. Hill voting nay. He was the only Democrat to vote against the bill. The Populists, Allen and Kyle, both voted for it and Mr. Peffer against it.

Following is the vote in detail:

Yeas—Messrs. Allen, Bate, Berry, Blackburn, Blanchard, Caffery, Call, Cockrell, Coke, Daniel, Faulkner, George, Gibson, Gorman, Gray, Harris, Hunton, Irby, Jarvis, Jones (Ark.), Kyle, Lindsay, McLaurin, Martin, Mills, Mitchell (Wis.), Morgan, Murphy, Palmer, Pasco, Ransom, Roach, Smith, Turpie, Vest, Vilas, Voorhees, Walsh, White—39.

Nays—Messrs. Aldrich, Allison, Carey, Chandler, Cullom, Davis, Dixon, Dolph, Dubois, Frye, Gallinger, Hale, Hansbrough, Hawley, Higgins, Hill, Jones (Nev.), Lodge, McMillin, Manderson, Mitchell (Ore.), Patton, Peffer, Perkins, Platt, Power, Proctor, Quay, Sherman, Shoup, Stewart, Teller, Washburn—34.

THE RACES

Bicycle Events with the Names of the Petries.

To-day on the grounds at the Cheyenne Mountain Country club will be held the annual race meet of the Colorado State Bicycle league. The races are held under the L. A. W. rules. All of the races today are class A races. There are to be eleven events and there are forty entries from the following wheel clubs: Colonial club, Greeley; Denver Wheel club, Denver Ramblers, Denver Athletics, Rexleigh Athletics of Denver; Pueblo Rovers, Silver State Cyclers of Pueblo; Colorado Springs club and a number who are unattached. Among these are some of the best known amateur riders in the State.

The officers of the meet will be as follows: Referee, C. H. Hilton, jr.; starter, H. G. Kennedy; judges, W. R. Marshall, B. C. Joy, O. O. Stanchfield; timers, J. W. Brauer, G. H. Randall, F. A. BICYCLERS.

The Rain Stopped the Parade—The Day's Arrangements.

The rain yesterday spoiled the big lantern parade last night. It was a disappointment to the wheelmen and also to the citizens. The rain began falling early in the day and kept it up until late in the night. During the afternoon the people kept anxious look-out for the weather but it did no good for at 7 o'clock the rain was coming down in such torrents that it was evident that there would be no parade. The managers have decided to hold it Thursday evening and the arrangements will be the same as for last night. Quite a number of the outside wheelmen came in to participate in the parade but were disappointed.

It is sincerely hoped that the rain will stop to-day and not spoil the holiday and the bicycle races. The rain is needed but it can just as well come to-morrow and suit more people. The bicyclists are arriving in numbers and the hotels were full of them last night. The Alamo is headquarters for them as usual. Committees of the local wheelmen and of the State league met and greeted the new-comers. Headquarters have been opened up in the Freeman building. The large room has been filled with chairs and tables and many decorations are on the walls. Lemonade and refreshments are served the tired riders as they put in an appearance. The Overman Wheel company of Denver, agents for the Victors, have opened headquarters just across the street in the Midland block. They also serve refreshments and are ready to entertain the bicyclers in good style. The Denver Wheel club has opened headquarters in the reception room at the Alamo and have the room nicely decorated.

This morning at 8.30 a meeting of the Colorado Division of the League of American Wheelmen will be held at which business will be transacted. At 10 o'clock the annual division parade will be held and will be in charge of Clare L. Southard of Denver. At 2.30 the division championship races will be run at Broadmoor. At 8 p. m. at the headquarters there will be a smoker and the prizes will be awarded. The prizes offered by the division to the members who have secured the largest number of members during the year will also be announced. There are four valuable prizes.

The day promises to be one of great interest and the people who turn out to see the races will enjoy a treat.

JUDGE HARRISON'S FUNERAL.

A Meeting of the Bar Association in the Afternoon.

The funeral of the late Judge Wm. Harrison was held yesterday morning at 10 o'clock from Grace Episcopal Church. The attendance of friends was large and showed the esteem in which the dead jurist was held in this city. Dean Colwell read the burial service. The pall bearers were Judge John Campbell, J. K. Vannatta, Judge McMorris, Judge A. T. Gunnell, Judge J. L. Williams, General Danford, C. H. Dudley, and J. M. Branson. Many beautiful floral pieces were sent by societies and friends.

At a meeting of the Bar of Colorado Springs, held at the District Court rooms yesterday afternoon at 2 o'clock to take action in reference to the death of the late Judge William Harrison, there was a large attendance.

On motion of A. T. Gunnell, Judge T. A. McMorris was unanimously chosen as chairman.

On motion Judge John Campbell, J. M. Branson was unanimously chosen to act as secretary of the meeting.

On motion of A. T. Gunnell, a committee of five was appointed to draft suitable resolutions and report the same to a meeting of the body to be held on Thursday the 5th inst. at 10 o'clock a. m. The committee appointed consisted of Judge John Campbell, T. A. McMorris, Judge Ira Harris, Mr. H. G. Lunt and A. T. Gunnell.

Cannot Support It.

Washington, July 3.—Senator John M. Palmer, in response to a telegram to day, replied that he could not support Senator Kyle's resolution, believing it was not for the best interest of the country, and that its enforcement would embarrass interstate commerce.

Compromise Rejected.

Columbus, O., July 3.—Late this afternoon the scale committee of the A. R. U. formally rejected the compromise proposition of President White of the Hocking Valley. The company will now attempt to run trains with non union men and trouble is feared.

Other Indications.

Washington, July 3. For Wednesday—Showers, followed by warmer fair weather, north winds, shifting to southwest.

SOME THOUGHTS FOR INDEPENDENCE DAY.

Our Independence day comes upon us this year in the midst of trouble and anxiety. It will be celebrated in a way different from the usual way. There will be "bonfires and illuminations," the roaring of cannon and the explosion of fireworks; but there may be in addition the firing of musketry, not for purposes of display, but for the purpose of upholding the law which American citizens are trying to subvert. Perhaps it is well that this day should come just at this time, and that men should have their minds turned by the associations of the day to the glorious past of our nation and to the principles that underlie our institutions.

This day is the anniversary of the Declaration of Independence. That document, at its very beginning, recites certain fundamental principles to which it may be well to turn our attention for a moment.

"We hold these truths to be self-evident—that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men deriving their just powers from the consent of the governed."

These words are one of the charters of our liberties. In words, they have never been contradicted in this country; but deeds speak louder than words. As a matter of sober fact, are these "unalienable rights" still secured to us? Do we enjoy them in that full measure which was intended by the men who signed this declaration?

These are very serious questions. They should set men to thinking. If our government has secured these rights to us, then it is a success; if it has failed in any degree to secure them, then in so far as it has not done so, it is a failure.

It must be remembered, to begin with, that in a government deriving its powers from the consent of the governed, it is the people themselves who are to blame if the government is to any extent, however small, a failure. The only despot who can invade our liberties in this country is the people. Has there been, is there now, such an invasion?

Look at the facts. Here are at least a million of the men of this country, men who constitute its great working force, men who do most of what is done to make this nation the foremost of the world in material advancement, banded together in an extra-legal organization for the purpose of securing to themselves a more comfortable life and a more effectual pursuit of happiness. Does it indicate at least a partial failure of our institutions that men do secure, or think they can secure, by such an organization, things which cannot be secured through the ordinary machinery of government? Another fact—in order to secure a more comfortable life, and a more effectual pursuit of happiness, these men have given up a great measure of their liberty. They may be entirely satisfied with their work and their wages; they may have no grievance at all against their employers; but at the word of a man two thousand miles away, they are bound to stop their work, and to prevent any other men, by force and violence, from performing the work which they have refused to do. They are bound, at the order of this man, whom they have probably never seen, and to whom they owe no legal allegiance, to resist the constituted authorities, to defy the orders of the courts, and to kill the officers of the law. This is not said by way of argument or controversy; it is a plain statement of fact.

The benefits which these men are bound together to secure for themselves in this extra-legal way, and often in an anti-legal way, ought to be sufficiently secured to them by the ordinary methods of government. Have they been so secured, or would they be so secured, if this extra-legal organization did not exist? The A. R. U. says no. There are two sides to every controversy; this is the strikers' side.

Now, what are we to do with this state of affairs? That is the practical question which confronts us to day.

First, then, if we are to have any government at all, if we are not to drift into anarchy, and thence into a despotism, which is always the end of anarchy, the orders of our courts must be enforced, and the men who oppose them must be put down. In such a case, firmness is wisdom. Those who are sworn to uphold the law must do it at all hazards; by powder and shot if necessary. Weakness at such a time is not only fatal, it is criminal.

Second, when order is again established, our people should put themselves seriously at work to devise some way of securing, by legal means, those ends in so far as they are proper and desirable for the republic, which are now sought by men in ways that come into conflict with the law. Nothing short of this will answer the purpose. Nothing short of this should be desired by our people.

At the root of it, this is a matter of education; and that is one reason why we should cherish our national holiday, and make the most of it; why the principles of our government should be taught in every school in the land; why a respect for the rights of others and for the law of the land should be inculcated in all our homes; why we should endeavor, by every men in our power, to bring up the rising generation in ways that are right; why we should put an immediate stop to indiscriminate immigration from countries where the people have had no training in the art of self government. These are solemn days for our great Republic; and it behooves every citizen who has the fire of patriotism in his heart to devote himself anew this day to the preservation and the advancement of this great country, of its institutions, and of its people.

The consolidated Times-Sun thus makes its bow to the public:

As a newspaper, as a gatherer and purveyor of the news, the Times-Sun will be impartial, conscientious and non-partisan. In this regard it will aim to be enterprising, entertaining and reliable.

The Times-Sun will always be found enlisted upon the side of the moral, social, material and political advancement of the city, State and country.

In politics it will be uncompromisingly Republican, but non-factional and impersonal.

Those who know Mr. H. H. Eddy, who is to be editor in chief, will appreciate the disinterested devotion and unselfish zeal with which he will apply himself to the realization of this high ideal.

It is good news to be able to announce that the action of the City Council in granting the $1,500 asked for by the managers of the Coliseum project fully insures the success of that undertaking. The plans are already in course of preparation, and the work will be hastened as fast as possible.

A very handsome new folder has just been published by the Denver and Rio Grande company, which contains an excellent short write up of this city, and another of Manitou, by Secretary Buckman of the Chamber of Commerce.

The Times-Sun is more like the Times than the Sun. It bids fair to be as good a newspaper as the Times and as strong editorially as the Sun—a happy combination.

This Was Under Protection.

Gradually, but surely, the United States is penetrating markets which Great Britain has tenaciously held and controlled for many years. In corroboration of this view one of the leading English trade journals says: "British trade with British Honduras, judging from the latest official statistics, is not in a healthy condition. The imports from the United Kingdom have decreased in value from $744,000 in 1883 to $682,000 in 1892. On the other hand, the imports from the United States have increased from $452,000 in 1883 to $793,000 in 1892. The exports of the colony also show a decline as regards the United Kingdom, while those sent to the United States have increased from $253,000 in 1883 to $530,000 in 1892. The total foreign trade of the colony has increased, but the United Kingdom has been a loser." These are facts and are in every sense important.—American Mail and Export Journal.

PAINT cracks. It often costs more to prepare a house for repainting that has been painted in the first place with cheap ready-mixed paints, than it would to have painted it twice with strictly pure white lead, ground in pure linseed oil.

Strictly Pure White Lead

forms a permanent base for repainting and never has to be burned or scraped off on account of scaling or cracking. It is always smooth and clean. To be sure of getting strictly pure white lead, purchase any of the following brands:

"Southern," Red Seal," "Collier."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

MANITOU NOTES.

News Notes From the Famous Mountain Resort

Miss Means of Chicago is at The Mansions.

Mr. and Mrs. Lancaster of Marshall, Tex., are at Cliff.

Three of the Norris guests went to Manitou Park yesterday.

F. S. Barrett of Waco, Tex., is at the Graham for the summer.

Judge James L. Dyer of Wichita, Kan., is visiting at the Graham.

The Iron Springs hotel will give their first hop next Tuesday evening.

A party of ten will arrive to-day from Wichita, Kan. They will stop at the Graham.

Mr. E. B. Fields of Denver is at the Cliff. Mr. Fields is here to enter in the races this afternoon.

Some of the guests at the Graham went to the Half Way house yesterday and had their luncheon there.

A party of twenty-five went from the Barker to the Casino yesterday headed by Mrs. Barker.

The mountain fire that has caused so much alarm in the vicinity of Grecian Bend on the Cog road is now under control.

Twenty-five went on burros from the Grand View yesterday to Crystal Park. The shower in the afternoon brought them home early.

Misses Adel Prufrock and Myer and Messrs. Harry Prufrock and C. F. Rust, all of the Barker, walked to the top of the Peak yesterday.

Frank Waller Perkins, connected with the United States Coast and Geodetic Survey of Morristown, N. J., is at the Iron Springs hotel.

Messrs. L. Clark and Harry Prufrock of St. Louis, both Barker guests, walked to Cripple Creek and back Saturday. They claim to have enjoyed the trip.

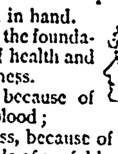

The manager of the Iron Springs pavilion has engaged a string band from Denver to play to-day from 10 a. m. to 10 p. m. The pavilion is decorated very prettily with the national colors.

Some odd souvenirs arrived yesterday for the Summit house. They are made of sterling silver with photographic views of Windy Point, the Summit house and other noted places on the Peak.

Professor Wm. Deutsch and wife of St. Louis who made so many friends here last year have arrived at the Graham for the season. Professor Deutsch is a language teacher in one of the St. Louis schools.

H. J. Hoffer, who has been chief clerk at the Barker for the last two years, will leave to-morrow to accept the same position at the Hotel Colorado at Glenwood. Mr. Hoffer has made many friends and they wish him success at his new post.

CHRISTIAN ENDEAVOR EXCURSION.

To Cleveland and Return—One Fare.

The Burlington has been selected as the official route for the Christian Endeavor excursion to Cleveland, Ohio. The rate of one first-class standard fare will be made for the round trip from all Colorado points. The official train will leave Denver 9 p. m. July 8, and all persons desirous of accompanying the excursion party, and wishing to secure through sleeping car accommodations, should communicate at once with Mr. E. H. Clark, 1639 Curtis st., Denver, who has charge of the Colorado excursion.

This low rate however, is open to everyone, and all those wishing to avail themselves of it can purchase tickets July 8th and 9th, good to return from Chicago July 31st.

Bear in mind that in purchasing your tickets via the Burlington route you can secure better accommodations and much quicker time than is afforded by any other line.

For full information apply to J. M. Ellison, local ticket agent or address G. W. Vallery, general agent, 1039 17th st., Denver.

TEACHERS' EXCURSION.

To Asbury Park and Return—One Fare.

The Burlington Route has been designated as the official line from Colorado for the excursion to the National Educational Association, to be held at Asbury Park, N. J., July 10th to 13th. The low rate of one fare will be made for the round trip from all Colorado points. The official train will leave Denver at 9 p. m., July 5th, and all those who desire to accompany the excursion party and wish to secure through sleeping car accommodations in the special Pullmans should send in their names at once to W. F. Knapp, 1267 South 11th street, or R. H. Beggs, 2427 Ogden street, Denver, who have charge of the excursion.

This low rate, however, is open to everyone, and all those who wish to avail themselves of it can purchase tickets July 5th, 6th and 7th, good to return from Chicago Sept 1st. Parties purchasing tickets by the Burlington Route secure the advantages of fast vestibuled trains leaving Denver daily at 9 p. m., affording better accommodations and much quicker time than any other line. For full information call on J. M. Ellison, local ticket agent, or address G. W. Vallery, General Agent, 1039 17th st., Denver.

What could be more comfortable than a trip to New York via New Orleans, by taking the through sleeper to New Orleans via the great Rock Island and steamer from that point. Call at City Ticket office, 12 Pike's Peak ave., for full particulars.

Missouri Pacific railway for Jacksonville, Fla.

CHANGE OF TIME.

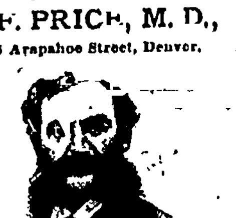

On July 1st the U. P., D. & G. will issue a new time card; and after that date the local trains will arrive and depart at convenient hours in the day time. No change of cars.

General Review.

[The] general market yesterday continued [wi]th considerable activity in Pharma[cist], [in] which there was some bidding but [a] great deal changing hands. Late there [was a sa]le of World of of 35,000 shares in one [lot]. Jack Pot remained steady. There [was a] general tendency to sell and but few [buyers] at the prices asked all along the [line].

Talon Gold

[It is repor]ted on the authority of a heavy [stockho]lder of the Union Gold Mining com[pany th]at a 1 per cent. dividend will be de[clared at] the regular meeting Monday. Two [cars of o]re were shipped to Denver last week [that] netted $5,000. Two more will be sent [this w]eek. The vein has been opened up [in two] places on the Pike's Peak and also [the vei]n has been found in the Orpha May.

To Go to Work.

[At a meet]ing of the directors of the Bob [Lee company] yesterday afternoon it was de[cided] to commence work on the Bob Lee [and ot]her properties. This company [illegible] and the work on these two [illegible]. The directors are determined [that] they can to bring about the old-time [illegible].

[At a me]eting of the directors of the Stand[ard compa]ny the purchase of the Virginia T. [illegible] ordered yesterday was consum[mated and] steps will be taken at once to [illegible] work for development and to get [it] patented.

At the Recorder's Office.

[Warranty] Deed—Frances Wright et al. to [illegible] Farnsworth, Dolly R.; J. A. Hill[illegible] to Margaret A. Burland, one-third [illegible] C. G. Morgan et al. to J. D. Wilson, [illegible] Veta Grande; J. W. Wilson to [illegible] Royal Gold Mining and Milling com[pany], three fourths Veta Grande.

[Stock] Certificates—Cripple Creek Dis[trict] [illegible] C. by G. M. Houseman et al., [illegible] by J. E. Thrasher et al.; Kalama[zoo] [illegible] John Lyons et al.; Springs by J. W. [illegible] et al.

ON MINERAL HILL.

[St.] Louis and Cripple Creek Mining [and] Tunnel Company are at Work.

[illegible] of the best mining author[ities] [illegible] in their reckoning Mineral [Hill] [is ye]t to prove one of the richest por[tions] of the great gold camp of El Paso [county]. Development is once more under [way] in this section. The mineral Hill tun[nel is] being pushed forward and some good [results] have just been heard from this work. [In regard] to this property there is a story to [illegible] of interest.

[Recent]ly the Mineral Hill Mining & Tun[nel com]pany owned the Mineral Hill tunnel [and] two-thirds of the Succor lode at the [head] of the tunnel. About a year ago this [property] was sold by the sheriff after some[thing more] than $7000 had been expended in [developm]ent and improvements. Within [a few] months the St. Louis and Cripple [Creek Mi]ning and Tunnel company has been [incorpo]rated with 1,000,000 shares of a par [value of] [illegible] each, and now owns these prop[erties to]gether with the Kuro lode. Hold[ers of sh]ares in the old company which was [capitaliz]ed with 600,000 shares, are allowed [to put] their stock into the new company [illegible] payment of [illegible] a share and these payments go into [the tr]easury for development purposes. The [illegible] treasury stock of the company is [illegible] cents. The company is out of [debt with] $1,000 on hand and the indications [are th]at the tunnel will prove a mine of great [value].

[The tu]nnel is in 275 feet and a contract for [100 fe]et more is to be let in a few days, [which] will get the face of the tunnel to the [center] of the hill. Most of the veins of the [district] have a strike in a general north and [south] direction while the line of the tunnel [is east] and west, thus affording the best pos[sible] chance of encountering gold bearing [veins]. Two veins have already been crossed [and it] can be safely said that this is one of [the m]ost interesting prospecting propositions [in] Cripple Creek.

[The offic]ers are C. W. Kurie, president; A. [illegible], vice-president and manager; T. A. [illegible], secretary and F. F. Frisbee treas[urer]. [illegible] J. Burns of Pueblo, P. [illegible] of St. Louis and C. G. Cloud of [illegible], Ills., form the board of di[rectors]. The head office of the company is [in Colora]do Springs.

Current News.

The Phillips mine and mill, Park county, are to resume.

It is reported that a rich strike has been made in the Lingoln property of the Virginia M.

A proposition has been made to commence work on the Shasta's claim on Squaw mountain.

A good discovery of mica has been made on Taylor river, sixteen miles northeast of Gunnison.

Work has been resumed on the San Bernardo mine, San Miguel county. The ore is silver and lead.

The Broken Hill Gold Mining company have applied for patent on the Maggie claim on the southeast side of Battle mountain.

Salt Lake parties have taken bond and lease on the Fidelity mine, near the foot of Red mountain, Silverton district, for $17,000.

A grass root strike assaying $80 has been made in the Santa Rita, on Squaw mountain, Cripple Creek. There is a three foot vein with bits of ore running very high.

Victor, the newly listed Cripple Creek stock, was traded in for the first time last week on New York Consolidated Stock and Petroleum Exchange; 100 shares were sold at $2 50 or at least it is so reported in the official list of sales according to The Engineering and Mining Journal.

A good strike is reported on the Sacramento that runs between $60 and $70 gold to the ton. The strike was made at a depth of 30 feet and the men are now sacking ore. The Sacramento lies just below the Pike's Peak and promises to be a good shipper.

F. H. Pettengill has resigned the Presidency of the Ela Helean and as a director of the Broken Hill. His place in the Ela Helean will be filled with an old director of the Mollie Gibson. W. E. Johnston of the Florence and Cripple Creek railroad will succeed Mr. Pettengill in the Broken Hill company.

CURED BY USING
Ayer's Sarsaparilla

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I had no strength nor energy and my feelings were miserable in the extreme. At last, I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by these results, I kept on taking the Sarsaparilla, till I had used six bottles, and my health was restored."—A. A. TOWNS, prop. A WORD WITH YOU.

Two blades of grass where there was one before. That's what our garden hose makes; and that's what Jerry Simpson says is "honest productive effort." Think of it! Velvety lawns, fruitful gardens; refreshened, rarefied atmosphere. This is the picture our garden hose calls up, and makes you feel a fatherly interest in all creation. After the evening meal he gives to the grass and flowers the drink that the skies have denied, supplementing Dame Nature's work, correcting her shortcomings. We can find poetry in garden hose. You can not find profit in cheap garden hose. We sell the most durable garden hose in the world. Don't forget that we are leaders in hose novelties.

The Gazette has a larger circulation in Colorado Springs than all other daily newspapers combined.

The races at the Country club to-day are at 2:30 prompt.

Installation of officers of Carpenters' Union No. 515, to-night at Armory hall.

Mr. G. W. Parker and daughter have gone to their ranch in South Park for the summer.

A marriage license was issued yesterday to Thos. J. Warman and Miss Cornelia Walters of Cripple Creek.

A man named A. B. Campbell was thrown from his horse at Austin Bluffs yesterday and received severe injuries.

Special features will enliven the day and evening at the Casino. The big attraction is the famous Iowa State band.

Mr. Vidler has received two dogs from the Messrs. Lee of Denver to be trained for the coursing meet to be held here this coming fall.

Rev. J. O. McChirkab, of San Jose, Calif., is conducting gospel meetings every night at the Cumberland Presbyterian church with good results.

The Fourth was ushered in last night by the firing of crackers and torpedoes. The rain had a depressing tendency and it did not last long.

A good many Colorado Springs people go to Denver or Cripple Creek for the Fourth of July but more will stay at home and enjoy the bicycle races and the Casino.

C. A. Rivers, F. H. Haffner and Art Blake took their wheels up to the summit of Pike's Peak Sunday and rode down. They made good time and report it not a difficult trip.

Mr. and Mrs. A. D. Graham of Lincoln, Neb., are spending a few days in the city en route to California, and are the guests of their aunt and uncle, Mr. and Mrs. F. W. Marvin.

Mr. J. M. Brinson went to La Junta yesterday to attend the Fourth of July celebration. He is to deliver the chief address of the day. Mr. Brinson is one of the most eloquent young lawyers in the county.

Visit the Broadmoor Casino to-day and hear the Iowa State band. They will give two concerts—afternoon and evening. Special programmes have been arranged for to-day's concerts. The admission price is 25 cents for afternoon and 50 cents for evening.

Secretary Lloyd of the Y. M. C. A. invites the members of the various bicycle clubs and all other wheelmen to visit the rooms of the association while in the city and to make it headquarters while here. They are welcome to use the baths, gymnasium and reading rooms.

Among the arrivals for the bicycle races yesterday were a gentleman and his wife from Denver. They rode over on a tandem bicycle and made the trip in about five hours. The lady attracted considerable attention on account of her dress, and yet it was not a bit different from that worn by her husband. There were no divided skirts about it, just regular old fashioned knickerbockers, with a cap and jacket.

The rain yesterday came just in time to hurt the attendance at the Casino. Notwithstanding this, however, the attendance was quite good. Two excellent concerts were given and were greatly enjoyed. To-day, however, rain or shine, the concerts will be given and no doubt there will be large crowds. The street car company will have transportation for all who care to go to-day, and if the day is pleasant there should be a big crowd out that day.

Iowa State Band Concerts.

The following programmes have been arranged by Bandmaster Phinney for the concerts to-day at the Broadmoor Casino by the Iowa State band. They will no doubt be greeted by large crowds, both afternoon and evening:

WHY TAKE THE WABASH

For St. Louis?
Because it is the shortest line, the best equipped line, runs free chair cars, buffet Pullmans, and gives you ample time in Kansas City for supper.
For Toledo or Detroit?
Because it is the shortest line, avoids transfer across the city in case you are going farther east, and makes close connections with all trunk lines.
For New York or Boston?
Because it has solid through service from both Chicago and St. Louis via Niagara Falls; gives forty minutes stop at the falls at seasonable time in the morning.
For all other Eastern Points?
Because its service is uniformly good and you can make no mistake in asking for tickets via the Wabash. C. M. HAMPSON,
Commercial Agent, 1224 17th St., Denver.

Going Out of Business.

The entire stock of the Famous Shoe House is to be closed out. Having fully decided to discontinue the shoe business in this city I now offer my entire stock of shoes and store fixtures at eastern wholesale cost and less in order to close out as soon as possible. I shall offer great inducements to purchasers. In order to make this sale genuine I will in no case allow one penny more added to the price of a single item than actual eastern cost. It will pay you to call and look through whether you buy or not. You can do so without trouble to yourself or salesmen, as I have every kind of shoe in my stock so arranged with former and present cost price marked on each in plain figures, so that you can see for yourself. If you want shoes don't get left, but come at once and get full benefit of this sale while every department is complete and sizes good.

THE STRIKE.

The Fourth Was Celebrated at Chicago.

NEWS FROM ALL POINTS.

Thinks it is Almost Over but the Facts do not Point that Way—The Trouble Probable Within a Few Days.

Chicago, July 4.—Fifty first street crossing the Lake Shore and Rock Island tracks looked like a big picnic ground to-day. The Fourth was celebrated there by some thousand people all in their gala attire, although the crowd was infinitely good natured and full of fun their mischief took a phase not at all conducive to the good of the railroads nor to a proper spirit of obedience to the law as set forth in the injunction of the United States courts. The crowd was composed in large part of women who seemed to enjoy the day hugely and cheered the men and jeered the police and non-union trainmen even more lustily than the men.

As early as 11 o'clock in the morning the trouble commenced when a train which had been ditched at Blue Island attempted to enter the city. A large crowd followed the incoming train from Fifty first street to Fifty seventh and there the firemen left the engine. The crowd yelled its approval. A few minutes later a non union fireman was secured and boarded the engine. When the non union fireman came on the engineer left declaring that he would not go with him. But the non union man refused to be turned down that way and he pulled the throttle wide open and started for the city. Then the crowd quit cheering and began throwing stones. They smashed in the windows of the cab and compelled the firemen to take refuge in the coal-tender. He held out pluckily for a while, but near Fifty third street the train again came to a standstill and there it remained until late in the afternoon.

About noon the crowd at Fifty first street decided to have some fun with the cars standing on the track there. A Rock Island passenger coach was shoved into an open switch and two trucks ran off the track. This effectually blocked one of the main lines of the Rock Island. A large number of firemen and some railway employees went to the round house to get a wrecking crew to get the coach back on the track and when they were gone eighteen or twenty young fellows got under an empty freight car and tipped it over, trucks and all, upon one of the main tracks of the Lake Shore.

When the United States troops which had been at the stock yards a few hours before, were called for and appeared on the tracks at Forty-seventh street, and a platoon of police marched up to Fifty-first street. They were well received by the crowds who treated the whole affair as a big joke and an excellent way of celebrating Independence Day. At Forty-seventh street two of the most aggressive of the crowd were arrested and taken to the station. They gave their names as ... and Buckley.

When the New York Central eastbound train reached Fifty first street at about 3 o'clock the derailed Rock Island coach blocked its way on one track and the two derailed switches made it impossible to reach the other. No one appeared on the scene who possessed the all essential key to turn the switch lock and the several attempts to open the switches were met with yells, cat calls and jeers. The police were powerless against the vociferous crowds, though they charged them several times and drove them to the fences on either side of the tracks. At last Superintendent Gorham of the Nickel Plate, found an engineer who had the keys to the switches and the delayed train moved off amid the cheers of the people.

Speaking of the acts of lawlessness, Lieutenant Morrissey, who, with sixty policemen, was detailed to that point, said: "I don't believe there were half a dozen A. R. U. men in the whole crowd. The fact is it is a crowd out for a celebration and they took this way to do it. If the railroads had waited until to-morrow before trying to move these cars there would not have been any trouble. All these people would have been at work."

Another Mob.

Chicago, July 4.—Lake Shore train No. 20 was stopped by a mob at Forty third street and the Rock Island yards to-night. It was a passenger train bound for Elkhart, Ind. The engineer and fireman were forced to leave the train, the engineer being hit by a bottle thrown from the crowd, and the train was side tracked. The passengers came down and went on street cars. Train No. 7, due here at 11 p. m., was also held at the same place. Fifteen Pan Handle freight cars were burned at Forty-seventh street by a crowd of strikers and their friends to-night.

Violence at Hammond.

Chicago, July 4.—Trouble broke out anew at Hammond, Ind., to-day in connection with the boycott of Pullman cars. As train No. 8 on the Erie pulled in from Chicago on time at 4 p. m., it was attacked by about 100 men and cut in two. Two Pullman cars were cut off and, unlike the case of last Friday, the balance of the train was taken east. The parties attacking the train were not Hammond strikers but were men that were brought away from Grand Crossing by the arrival of federal troops at the latter place. By the time the deputy sheriffs arrived at the scene about 600 strikers were on hand and when the deputies made a demand for the cars cut off they were told they could not have them. The Federal authorities were at once notified. What the outcome will be is doubtful, but the strikers say if the militia is called they will transfer the point of attack to another place at once, and they are intending to keep the troops on the move. This is the first trouble here since last Saturday. Another train was due here at 9:30 on the Monon but did not get out of Chicago and no further trouble is feared to-night.

Olney Will Do Little More.

Washington, July 4.—Reports received by the authorities here to-night from the various centers of the strike confirm the belief that the strikers are losing ground and that but little more federal action will be required. Attorney General Olney heard from a number of his officers this evening and from the information contained in their telegrams he believes that the disorders are subsiding.

WHOLESALE ARRESTS

Forty-eight Trinidad People Arrested by the Troops for Contempt.

Trinidad, Colo., July 4.—This afternoon a turn of affairs took place on the strike situation. About 3 o'clock the United States troops surrounded the A. R. U. headquarters and arrested forty eight Trinidad people a number being A. R. U. men, together with their chairman, secretary, and a member of the executive committee. Many of the number were citizens who have nothing to do with the railroads. The order of arrest came from Judge Hallett charging the men with contempt in disarming the United States deputy marshals on Sunday morning. Many of the men under arrest claim to be innocent. The prisoners were taken to the Gulf depot and placed in a special train which left for Denver at 6:30 under guard of a number of United States troops and deputy marshals.

BLOCKADE BROKEN.

The Rock Island Move Seven Trains of Pullmans.

Blue Island, Ill., July 4.—The great blockade on the Rock Island railroad was entirely raised at 1:15 o'clock this afternoon and trains that had been tied up for five days began to move. The first of the trains that were stalled at Joliet came up the track guarded by soldiers. Ten cars, half of them Pullmans, made up the train, which was followed every few minutes by six other trains of equal length, all guarded at the point of the bayonet. The spectacle presented by this procession of empty trains on the same track was more novel and interesting than any Fourth of July procession which could be produced.

All of the deputy sheriffs have been withdrawn and a large number of them have gone to Riverdale, on the Illinois Central where trouble is expected. Several men who were known to be strikers or sympathizers were arrested by deputy marshals during the day.

A BEER FAMINE.

The Mining Camps Strictly Prohibition at Present.

Denver, July 4.—The most serious situation to-day was the absence of beer in the mining camps due to the railroad tie up. Coal and provisions also are becoming scarce. Passenger trains eastward and as far south as Pueblo moved again to-day, but the Rio Grande west of that city still remains closed and the six overland mail trains lost another day.

Railway officials had little to say. Many of them think the tie-up will continue for a week longer. No violent acts were reported during the day from any point in the State, but it is feared the torch may be applied at any moment. The Pueblo firemen were again in conference but with no apparent result.

William H Smith, secretary of the coal miners union of Louisville, Peter Johnson, a coal miner, and E. F. Van Fleet, a railroad fireman, arrested in Trinidad for contempt of court were brought to Denver to-day for trial before the United States court.

An A. & P. Train Held.

Albuquerque, N. M., July 4.—An eastbound passenger train on the Atlantic and Pacific railway arrived from the west late last night but was held here on account of the scarcity of food at Las Vegas. Superintendent Gabel acted as conductor and his secretary as fireman.

Militia Useless in California

San Francisco, July 4.—The strikers acted in a high handed manner in Oakland all day to-day. The held up local trains and pulled off the firemen and brakemen. The militia is getting ready to take the field.

At Sacramento the troops refused to disperse the strikers and finally marched back to their armories without accomplishing anything.

THE LOCAL STRIKE.

There is None—It Was a Mistake About The Midland.

The announcement made yesterday morning in The Gazette that the Midland train men had gone out on a strike was an error. It seems that at Colorado City Tuesday night the Santa Fe desired to make up a crew to take a train to Denver. Now the division to Denver is separate from the Midland division and the conductors refused to go out. The crews of nine different trains were asked to go out but refused as it is against the rules to work on other divisions. This gave the uninitiated the impression that there had been a strike and the news quickly spread that a strike had been declared. It was too late when the news came here to verify it at Colorado City. The Midland men will probably not strike.

The position of the other roads is just about what it has been since the first. The Rio Grande is running trains between Denver and Pueblo only. The 10:30 last night was abandoned. The Fort Worth, and the Missouri Pacific are one's on ally making trains through. Yesterday morning the Rapid Transit company had a car load of coal on the Fort Worth tracks and wanted it brought up to the car shops. The Midland switchmen refused to go on the tracks of the Fort Worth and bring it up as the men of that road are out on a strike and there are no Fort Worth switchmen here. The result was that the Rapid Transit people had to hire wagons and have the coal transferred to their bins in that way.

A Riot in Butte.

Butte, Mont., July 4.—An A. P. A. riot broke out here to-day. The militia has been called out and is stationed in one district of the town. All saloons have been closed as well as pawnshops and places where ammunition is sold. During the afternoon there was a lively interchange of shots. D. H. Daly, a special policeman, was shot through the heart and instantly killed by Frank Murford, a baker. Samuel Dunn was shot in the side and seriously hurt. William Page received a glance shot over the eye. About 25 arrests were made. Great excitement prevails. It is believed more trouble will follow. The Governor has been asked to send militia from Helena. The trouble was precipitated by two saloon keepers adorning the fronts of their places with bunting forming the letters "A. P. A."

Weather Indications.

Washington, July 4.—For Thursday—Light local showers; southeast winds, warmer.

DEBS'S WILD TALK.

The A. R. U. President Gives Utterance to an Alarmist's Ideas

TALKS OF A SECOND CIVIL WAR

In Which He Says Ninety Per Cent. of the People of the United States Will Be Arrayed Against Capital

Chicago, July 4.—The first shot fired by the regular troops at the mobs here will be the signal for a civil war. I believe this as firmly as I believe in the ultimate success of our course. Bloodshed will follow and 90 per cent of the people of the United States will be arrayed against the other 10 per cent. And I would not care to be arrayed against the laboring people in the contest or find myself out of the ranks of labor when the struggle is ended. I do not say this as an alarmist, but calmly and thoughtfully."

Such were the remarks made by President Eugene V. Debs of the American Railway Union to a United Press reporter this afternoon. Mr Debs had just received the news of the trouble at the stock yards and the arrests at Blue Island. He severely condemned the course pursued by the railway managers in misleading the government officials and causing them to order out the regulars to protect trains and overawe the strikers and their sympathizers.

No Need of the Troops.

I deprecate the action of the authorities in yielding to the wishes of the managers," continued Mr Debs. "Our men have in no way acted riotously and the city and county officers will bear me out in the statement that they have at all times been able to control the few hotheads who either as outsiders or in disobedience to strict orders have acted an unlawful part. They know as well as I do that there was no necessity for government troops and as I understand it neither Chief Brennan or Sheriff Gilbert has hesitated to condemn the action and assert that they were amply able to preserve the peace and protect property at any and all times. It is a scheme on the part of the managers which will fail now as it has in the past.

Talks of Bloodshed

It is unfortunate that the conditions have become such as to force the laboring people into active resistance to the encroachments upon their personal rights but it is corporation greed and avarice alone that has brought us to the verge of a revolution. If blood is shed in this struggle it will be the managers and the officials who were misled by them who are to blame. Matters have long been working to this climax and unless something is speedily done I look to see the country plunged into a desperate struggle from which labor will rise victorious and the American laborer will be once more placed upon his just and rightful throne as a free man.

"Yes I certainly feel the responsibility upon me in this struggle and it is but natural that I should have an anxiety as to what may precede the final result which cannot but be in our favor. But we cannot recede. A recession on our part would mean the absolute enslavement of the American workingman and his complete and utter degradation for all time to come. And I would rather be dead than live to see or experience such a fate. No it is impossible to think of receding.

May Precipitate Trouble

"Yes, I do believe there is a chance to bring about a settlement of the trouble before the final struggle is on. I think there is a possibility that the trouble may be averted. It rests solely with others than us to bring it about, however. One thing is certain. The general managers must and shall succumb. The business men and stockholders have awakened to the seriousness of the situation and I have no doubt will from this on take a more active part in forcing a settlement. When they realize the position taken by the managers they will insist upon a recession upon the part of those gentlemen and it is unnecessary to state that such pressure cannot be resisted even by a general managers association. The managers have planned to bring about the very condition of affairs now existing and thus be able to take refuge behind the power of the government. It is through their machinations and false representations that Federal troops have been ordered out and not because of any overt or unlawful act on the part of the people.

A Settlement Possible.

The presence of troops so far as our own men is concerned does not worry me in the least nor will they until some ill-advised action on the part of the officers or the authorities precipitates a conflict which will be the signal for more serious trouble by far than that occasioned by any act of the American Railway Union.

"The truth regarding the alleged riots and disturbances has become known to the greater part of the country by this time, and the plan of the managers to array public opinion against us has utterly failed in fact it will surely react upon them. There never was a strike of such proportions before, nor was there ever one more quiet and orderly, yet the reports sent out through partisan sources have led to the impression that Chicago is at the mercy of a mob of dangerous men razing and sacking buildings and destroying railroad property. The presence of a few troops will not annoy our members except through the unjust and wilful implications cast upon them, and which every true American citizen will resent to his utmost. No member of our union has had any occasion to resort to violence. We have grown stronger day by day, as the managers have grown weaker, despite their boasts, and not half our strength has yet been displayed. A million men stand ready to quit work and unite in the struggle for justice and liberty whenever called upon to do so. We stand ready to meet the managers and want to meet them. We will meet Mr Pullman and see that a satisfactory settlement between he and his men is brought about, of course on terms acceptable to Pullman employees. We will meet Mayor Hopkins and his committee to-morrow and do all that we consistently can to effect a settlement.

Doesn't Care for the Injunction

So far as the injunctions served upon me and the other officers of the union are concerned we are not troubling ourselves about that part of the managers' game. I care as little for the proposed grand jury indictments as I do for the injunctions. I have ordered no boycott or strikes personally and have merely acted as the servant of my organization. I will fight for the union to the last and as I have no intention of violating the laws of the country I stand no fear of the federal grand jury."

Will Meet the Mayor.

President Debs said further that in company with Vice President Howard and Director William Burns, who have been selected to act for the board he will call upon Mayor Hopkins at the latter's request, at 11 o'clock to-morrow, when it is expected to meet with the Council committee and in all probability with representatives of the General Managers' association. As yet the union officials are not looking upon the meeting as anything but one called in order to meet the Council committee and not until the managers are present will any other view be taken.

The expected action of Attorney Milchrist in calling a special session of the federal grand jury under instructions from Washington to indict President Debs and his associates under a section of the federal law which can be made use of is looked upon with much forboding and doubt by the more thoughtful and conservative. The dangers arising from an arrest and detention of Debs are regarded as too serious by many.

MONUMENT DEDICATED

To the Memory of the Nation's Defenders at Cleveland

Cleveland, July 4.—A cloudless day, a temperature of 80 degrees and a cool, fresh breeze blowing off the lake combined to make this the most perfect Fourth Cleveland has seen in many years. All trains coming into the city are crowded with excursionists and many are coming in two and three sections. The decorations, particularly in the down town portion of the city, were beautiful and elaborate. The buildings facing the public square, where the ceremonies in dedication of the soldiers' monument were held, a mass of flags and bunting and a canopy of flags centering at the tall electric light mast, covers the entire square. The dedicatory services began at 10 o'clock, the principal speakers being Governor McKinley, who was president of the day, and Ex Governor Joseph B. Foraker, who delivered the oration of the monument and the lessons of patriotism it teaches. A chorus of 5000 school children sang patriotic songs. A salute of forty four guns on the lake front at noon concluded the ceremonies. At 2 o'clock this afternoon a monster patriotic and industrial parade was given and at sunset the federal salute was fired on the West Side. At 8 p. m. a grand illumination of shipping massed in the lake and on the square took place.

The Abbott-Myer Fight.

Boston, July 4.—Stanton Abbott, lightweight champion of England, gained a decision over Billy Myer, the "Streator Cyclone," at the Boston Theater to-night in a fifteen round set-to in which Myer plainly had the best of it except in the final two minutes of the last round. While it was apparent in those two minutes that had the contest been to a finish Abbott would have whipped his man, it looked as if the fight should have been declared a draw.

Good Cycling.

Waltham Mass. July 4.—Arthur W. Porter, of the Waltham Cycle club, again broke the world's class A record to-day by riding a flying mile in 2:03.

Milwaukee, July 4.—George M Chapin of the Junior Cycling club of Milwaukee, won the Waukesha road race.

The first five men came in as follows: George M Chapin Waukesha, (0 1 2) 49 16, C Reinke, Milwaukee (5 1 2), 48.50, C Grant Tillman Ind., (5) 47.00, S. L Franke, Milwaukee, (0), 1.54, T. C Corlies Milwaukee, (0) 2.01 H M Crocker of Milwaukee and Charles Grant of Tillman Ind., were tied for first time prize riding the distance in 47 minutes flat.

In New York.

New York, July 4.—The celebration of Independence Day in this city to-day was not as noisy as usual, probably because of the police regulations as to the setting off on the streets of fire arms and pyrotechnics, but it was none the less enthusiastic. There was the customary old-fashioned parade of military and civic organizations and the raising of flags at various historic places, while the chimes of Trinity Church were also heard in honor of the day.

Route of the Great Relay Ride.

The route of the projected relay ride from Washington to Denver, by which it is proposed to transmit a message from President Cleveland to the governor of Colorado, has been decided upon and is as follows. From Washington through Rockville, Frederick, Hagerstown, Hancock and Cumberland, Md; Uniontown, Brownsville and Washington, Pa., Wheeling, W. Va., Cambridge, Jonesville and Columbus, O., Richmond, Indianapolis and Crawfordsville, Ind., Danville, Decatur, Springfield Jacksonville, Beards town, Rushville and Roseville, Ills; Burlington, Mount Pleasant, Oskaloosa, Des Moines and Council Bluffs, Ia., Omaha, Fremont, Columbus, Grand Island, Kearney, North Platte Neb.; Julesburg, Colo., and from there follow the Union Pacific railroad to Denver.

TAMMANY.

Characteristic Letters From Cleveland and Hill.

THE WIGWAM CELEBRATION.

Senator Pat Walsh and Amos Cummings Make the Talks. The Stifling Atmosphere of Selfishness and Cupidity.

New York, July 4.—The Society of Tammany celebrated the 118th anniversary of American independence in Tammany hall to-day with the customary accompaniments. Speeches were made by Senator Patrick Walsh of Georgia and Congressman Amos Cummings of New York. While Senator Walsh was speaking Richard Croker who arrived from Europe on the Majestic this morning entered the hall and was enthusiastically received. The following letter was read from President Cleveland.

Executive Mansion Washington, D. C., June 29.—To Hon. Thomas F. Gilroy Grand Sachem etc. Dear Sir—I regret that it is impossible for me to accept the kind invitation I have received to attend the celebration of the 118th anniversary of American independence by the Tammany society. There never was a time in our nation's history when the celebration of Independence Day so impressively reminded us of the meaning or significance of its commemoration. The day is celebrated, not because on the fourth day of July 118 years ago certain English colonies in America secured their freedom and independence but because on that day the first step was taken on this continent toward trusting human government to the control and management of the people to be governed. This reflection leads to the further thought that such a project could never have been entertained except in the faith and expectation that those intrusted with self government would guard and cultivate that unselfish and self sacrificing devotion to their scheme of government which is absolutely essential to its purity and safety.

Inasmuch as this sentiment is the life of our institutions and because they are threatened with the stifling atmosphere of selfishness and cupidity we should so commemorate independence as to stimulate and intensify a patriotic love of our government for its own sake while our rejoicing should be measured by the extent to which we and all our countrymen are imbued with this feeling. Yours truly,

GROVER CLEVELAND.

Vice-President Stevenson sent the following letter:

Vice-President's Chamber, Washington, D. C., June 5.—Dear Sir: I beg to thank you sincerely for your very kind remembrance of me and exceedingly regret that a prior engagement will prevent the possibility of my being present on this occasion. Again thanking you very sincerely, I remain, yours very truly.

A. E. STEVENSON.

The following letter came from Senator Hill:

United States Senate, Washington, June 20.—Dear Sir: While thanking the Tammany society for its courtesy I find that it is impossible to attend its celebration on July 4.

The country is now passing through a period of financial and industrial depression, the like of which has not been experienced in years. It may be attributed in part to natural causes, in part to unwise legislation in the past and in part to sensitiveness toward changes contemplated in our government politics.

Political uneasiness, distrust of private and official rectitude, public scandal with or without some foundation, fickleness of popular opinion and the suggestions of false, or foolish remedies always incident to such a crisis. It is a time for level heads and genuine courage. The country demands the exhibition of true statesmanship at this hour on the part of those administering the government: it demands their adhesion to well-established constitutional principles: it demands their maintenance of an honest and vigorous but patriotic partisanship not in efforts to build up personal or political factions by the distribution of official patronage for the sake of punishing adversaries and rewarding servants, but the broad and liberal policy of strengthening party organizations everywhere and encouraging devotion to correct principles of government: it demands the adoption of a definite fiscal policy to prevent the government from longer drifting towards the rocks of financial chaos; and finally demands a foreign policy which extends the American sympathies to free republics rather than to monarchies. The evils which now temporarily afflict us cannot be cured by the adoption of every passing "ism" of the hour. They cannot be remedied by the endorsement of populistic or socialistic doctrines. Class legislation attacks upon the vested right of property, the centralization of power in the general government, unequal and unjust taxation the usurpation of the reserved privileges and prerogatives of the States unholy coalitions with the third parties a compromise or abandonment of essential principles and a change merely for the sake of change will only aggravate rather than alleviate the difficulties.

It is fit time for the old fashioned Jeffersonian principles to come to the front and timid, apologetic and incompetent counsels to go to the rear. A faithful and economical administration of public affairs in the nation, State and municipality, the reduction of public burdens, a tariff for revenue, the preservation of American industries, honest labor for honest workingmen, the restoration of currency of the Constitution—gold and silver—as the standard money of the country, without discriminating against either metal, State sovereignty, local self government, home rule for cities, honest elections and fair primaries, opposition to fraud and corruption the speedy punishment of crime duly proven whether against those in our own ranks or in the ranks of our adversaries, the suppression of official blackmailing and the enforcement of a high standard of personal and official integrity. This in brief is our creed and if we are but true to ourselves and pursue the path of duty as outlined, neither directed nor dismayed by the premature boasts and clamor of our opponents we shall deserve to win as glorious victories in the future as we have won in the past. I remain, your fellow citizen.

DAVID B. HILL.

GRAVE CHARGES MADE.

The Officers of the Miners' Union at Coxey's Home in Trouble.

Massillon O., July 4.—The miners of this district have been thrown into a state bordering on panic by developments in connection with relief work in the last few days. The relief committee has been taking care of about 80 families and it has been only through the most strenuous efforts that their charges have been kept from actual suffering. Last week the officers of the committee resign 1 because individuals had been collecting funds and supplies in the name of the committee and devoting the proceeds to their own use. Now the rank and file are after Secretary James Brown and Treasurer Edward Miller accusing them of having failed to give an account of their stewardship. A meeting was called for last night, but Brown refused to answer questions. Miller was not present and was reported to be in Pennsylvania. A committee was appointed which issued the following statement:

We are not satisfied with the manner in which the business of the relief committee has been carried on. A great deal has been donated and we have seen very little. We have asked for an account of everything and we have failed to get it. We publicly call upon these men, who have been very ready to denounce others to give an account of their stewardship."

Charges and countercharges are being made and sensational developments may follow. Since the resignation of the relief committee there has been no provision made to prevent the needy ones from suffering and some are on the verge of starvation.

AMONG THE WHEELMEN

The Races Had to be Postponed Yesterday on Account of the Rain.

The rain yesterday spoiled the races of the Colorado division of the League of American Wheelmen and they have been postponed until Saturday, July 14.

The bicyclists of the State league were up early yesterday and attending to business. A meeting was held in the morning. The most important business was the hearing of the reports of the State officers. It was also decided to take a hand in the relay race from Washington during the National meeting in Denver. The State league voted a sum of money to defray the expenses of the riders in the portion of the trip covering Colorado.

At 10 o'clock the annual parade was given through the principal streets of the city. The races were to have been held at 2:30 yesterday afternoon and at 2 p. m. several hundred people had gathered at Broadmoor. They would have been there by the thousands if the weather had been propitious, but about the time the racing should have started the rain came in a torrent and the track was soon a mud puddle. The people huddled together in the grand stand and kept out of the wet the best they could, but it was no easy matter. Finally the management announced the postponement, and in fact there was nothing else to do. The people waited for a break in the rain and then made for the Casino. A meeting of the local board was held last evening and it was decided that all the races to be run on that day shall be class A races. All the events will be reopened for entries excepting handicaps and class races. This will admit all of the local men who were suspended for taking merchandise prizes at Pueblo as their time of suspension will have expired.

Last night the wheelmen met at headquarters and the announcement was made of the winners of the division prizes. The first prize for securing league members went to C. A. Rivers of Denver, who secured 130 names; his prize is a bicycle. The second is H. Weber of this city, who secured 40 names and gets as a prize a gold watch. The third man is W. B. Felker of Leadville, who secured 13 names and gets the cyclometer. Louis Block of Denver was the fourth with six names. He receives a gold watch charm.

Many of the bicyclists had to leave for home last night but some will remain for a day or two. They are greatly disappointed over the results of the day but it was a thing no one could help. The strikes and the rain were against the meet but it is hoped that by the 14th the rains will be over and the strike settled. The arrangements were quite perfect and the meet will be a notable one when it does come.

THE FOURTH.

How the Eagle Screamed in this City Yesterday.

Yesterday was the glorious Fourth of July. The glory yesterday however was in the amount of water that fell from the heavens. It dampened the crackers if not the ardor of the patriots who were willing to fire them, it spoiled the clean white dresses of the girls who went out to the race track and it mudied the yellow shoes of the sports at the Casino. In spite of it the people tried to enjoy themselves in the orthodox Fourth of July way: that is by doing something that they will regret for the next twelve months. Some of them took trips off to other towns and stood around in the crowds and were miserably happy, some spent their money for fireworks and burned their fingers, many took the extreme course and went on picnics to the mountains. In the city it was very quiet. There was a parade in the morning of the bicyclists but in the afternoon the stores pretty generally closed and gave the employees a day off. There was not much enthusiasm outside of private displays of fireworks in the evening. N. O. Johnson & Sons had their store handsomely decorated and the Bee Hive also did some decorating. Flags were floating over many of the buildings.

Most people it seems enjoyed their Fourth at the Casino, where the famous Iowa State band, under Bandmaster Phinney, gave two magnificent concerts. In the afternoon the crowds that went out to the races were driven to the Casino for amusement and they soon filled the place. It is estimated that there were about 1000 there. In spite of trouble along the street railway tracks and the threatening weather a big crowd also assembled in the evening. About 600 people were there. They seemed to enjoy the brief Casino season to the fullest. To-night will close the engagement of the band. Two concerts will be given to-day and no doubt large crowds will be present both afternoon and evening. The Iowa State band is a musical organization of great excellence. We have had Gilmore and the Marine bands in late years but it is safe to say that they gave no greater satisfaction than does Mr Phinney's organization. There is no comparison when the matter of price is considered. They play a high class of music. The programme this evening is a "Request" programme, that is, the numbers have been played here and are to be repeated by request. The band leaves here to-morrow for Minneapolis, where they expect to open a six-weeks engagement if they can get through on the railroads.

Farewell Concerts at the Casino.

The Iowa State Band will give their farewell concerts at the Casino this afternoon and evening. The following programmes have been selected by Mr. Phinney:
